

**EXPLANATORY MEMORANDUM TO
THE STAMP DUTY AND STAMP DUTY RESERVE TAX (INVESTMENT
EXCHANGES AND CLEARING HOUSES) REGULATIONS (No.11) 2009**

2009 No. 1832

1. This explanatory memorandum has been prepared by HM Revenue and Customs and is laid before the House of Commons by Command of Her Majesty.

This memorandum contains information for the Select Committee on Statutory Instruments.

2. Purpose of the instrument

The instrument contains regulations that remove the charge to stamp duty or stamp duty reserve tax when, as a result of the execution of trades on the Baikal multilateral trading facility, shares in UK companies are transferred between clearing members of Cassa di Compensazione e Garanzia S.p.A (CC&G) and European Multilateral Clearing Facility N.V. ('EMCF'); by non-clearing members (or their nominees) to clearing members (or their nominees) and to or from CC&G and EMCF itself; and between CC&G and EMCF (or their nominees).

3. Matters of special interest to the Select Committee on Statutory Instruments

None

4. Legislative Context

4.1 When shares in UK companies are traded on the Baikal trading platform, the use of a central counterparty to clear and settle the transactions will involve a number of transfers of those shares, each of which is potentially chargeable to stamp duty or stamp duty reserve tax.

4.2 These Regulations will ensure that multiple charges to stamp duty or stamp duty reserve tax will not arise when shares are transferred between non-clearing and clearing members of CC&G and EMCF or when passing through CC&G and EMCF itself.

5. Territorial Extent and Application

This instrument applies to all of the United Kingdom.

6. European Convention on Human Rights

As the instrument is subject to negative resolution procedure and does not amend primary legislation, no statement is required.

7. Policy background

- *What is being done and why*

7.1 Baikal believes financial benefits in terms of reduced costs and fees can be delivered to the securities markets by increased competition and interoperability amongst central clearing counterparties by permitting members of Baikal the choice of clearing share transactions through CC&G and EMCF.

7.2 Removing multiple charges to stamp duty or stamp duty reserve tax, these Regulations will improve liquidity in the securities markets.

- *Consolidation*

7.3 As this instrument does not amend another instrument, no consolidation of relevant legislation is deemed necessary.

8. Consultation outcome

8.1 This instrument followed a request for stamp relief from, and consultation with, CC&G, and Baikal representatives.

9. Guidance

9.1 No HM Revenue & Customs guidance or other form of publicity is deemed necessary other than publication of the new instrument.

10. Impact

10.1 There is no impact on business, charities or voluntary bodies.

10.2 There is no impact on the public sector.

10.3 An Impact Assessment has not been prepared for this instrument.

11. Regulating small business

11.1 The legislation does not apply to small business.

12. Monitoring & review

12.1 HM Revenue & Customs will continually monitor the practical application of the new regulations.
